

Another Tech Minute Goes to Broadcast

The second installment of Planet Digital's Tech Minute will air on August 2nd on PBS television program Growing Bolder. The informative video segment, this time covering the topic of video sharing & compression for websites, is once again hosted by Planet Digital's own Suzy Boe and was filmed & edited by Greg Endy. Tune in to Central Florida PBS station WMFE (Brighthouse cable channel 2) on August 2nd, 2009 to catch the new episode of Growing Bolder, and Planet Digital's latest Tech Minute. You can also watch the segment online on the Growing Bolder website.

Click to watch the Planet Digital's latest Tech Minute. Growing Bolder (www.growingbolder.com) is a half-hour television program that airs regularly on Central Florida PBS station WMFE (Brighthouse cable channel 2) and tells heroic stories of the undying spirit. The Tech Minute segments are written, produced, and directed by Planet Digital exclusively for Growing Bolder.
